Bri says he's a verbal abuser and she's scared for her physical safety to go against him. [REDACTED] said he's constantly berating her weight and she was witness to the humiliation of [REDACTED]

I know he's covered up, at least a few times, accusations of Quinn over the years.

And unfortunately, if they're correct about everything they say he's said and done (including threatening to fire anyone who talks to people about accusations), he's a bad guy

And given how many people all say they are a part of it and witnessed certain events, I believe them

[REDACTED] claims are true

I had forgotten that happened

Bri said Menendez quit because of his cruelty and sent a letter to JP

It's honestly horrifying. And btw
